

Technical drawing of a 90-degree corner joint. The drawing shows two L-shaped profiles meeting at a corner. The horizontal profile has a total width of 387, and the vertical profile has a total height of 300. The profiles are shown in a perspective view, with the corner joint clearly visible. The dimensions 387 and 300 are indicated by arrows and labels.

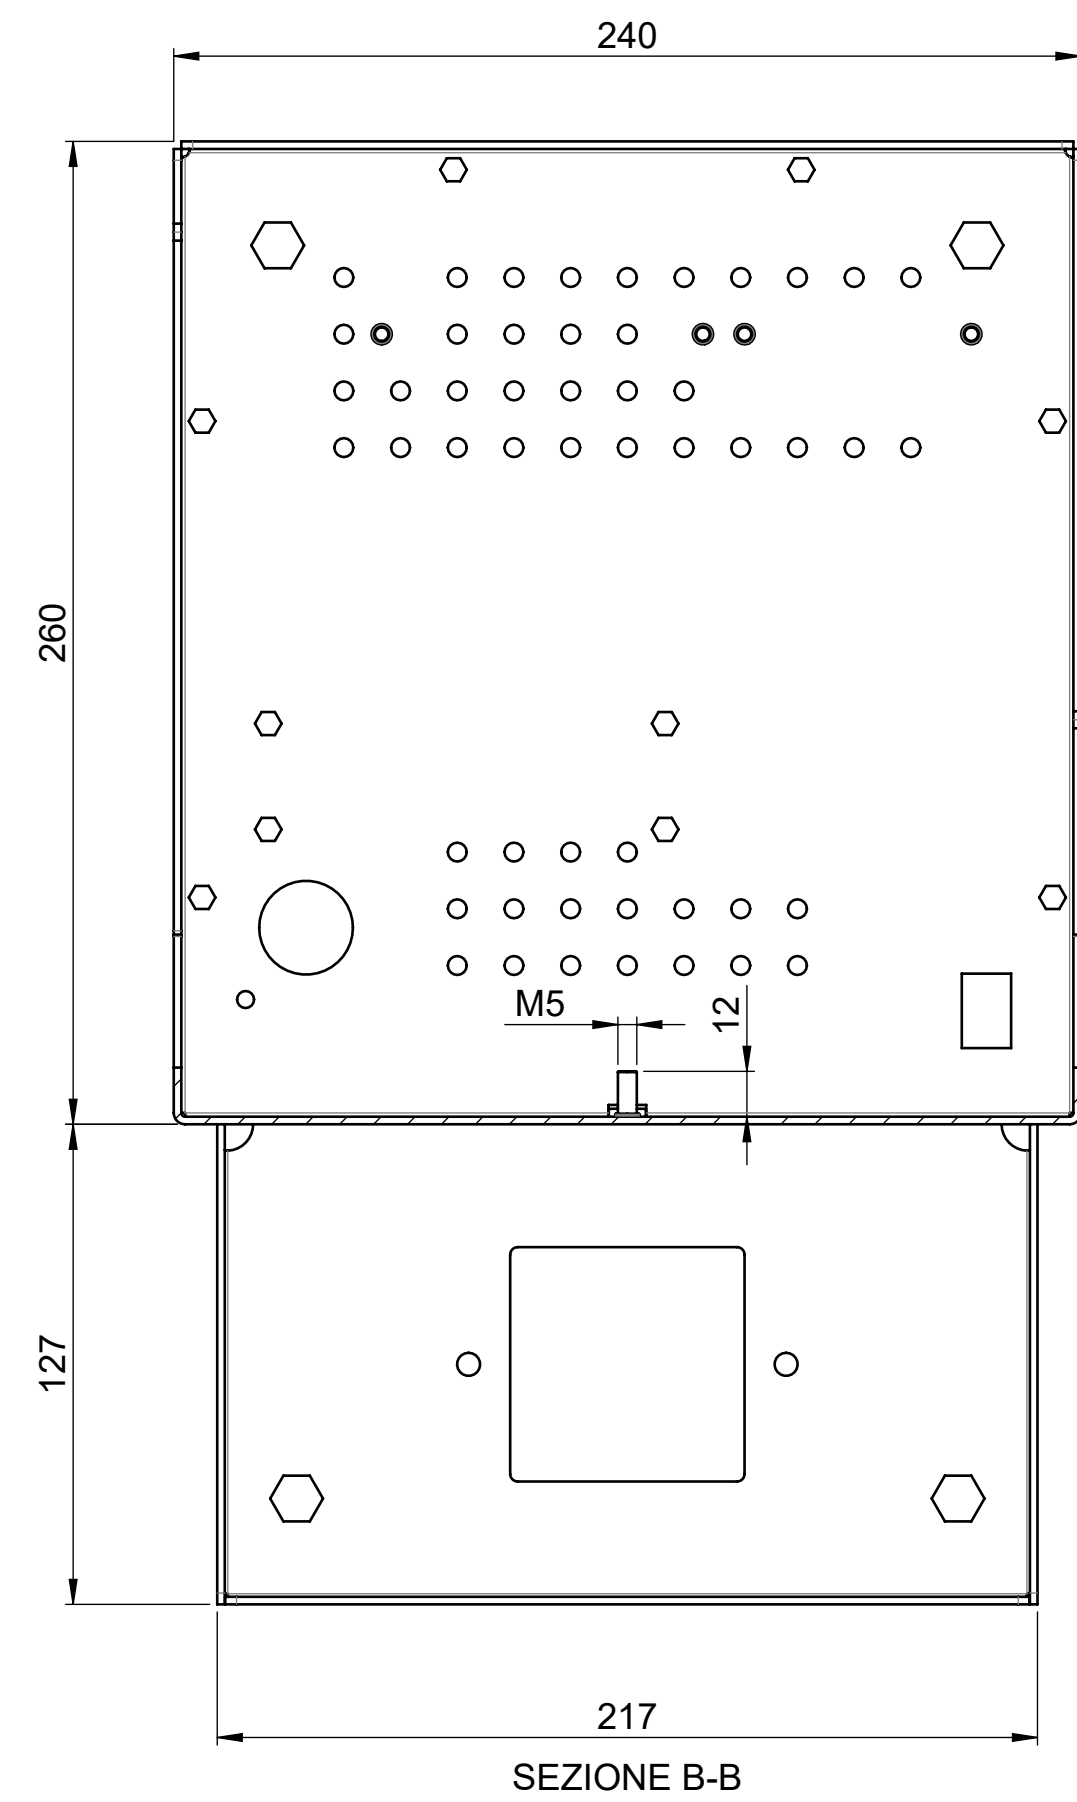

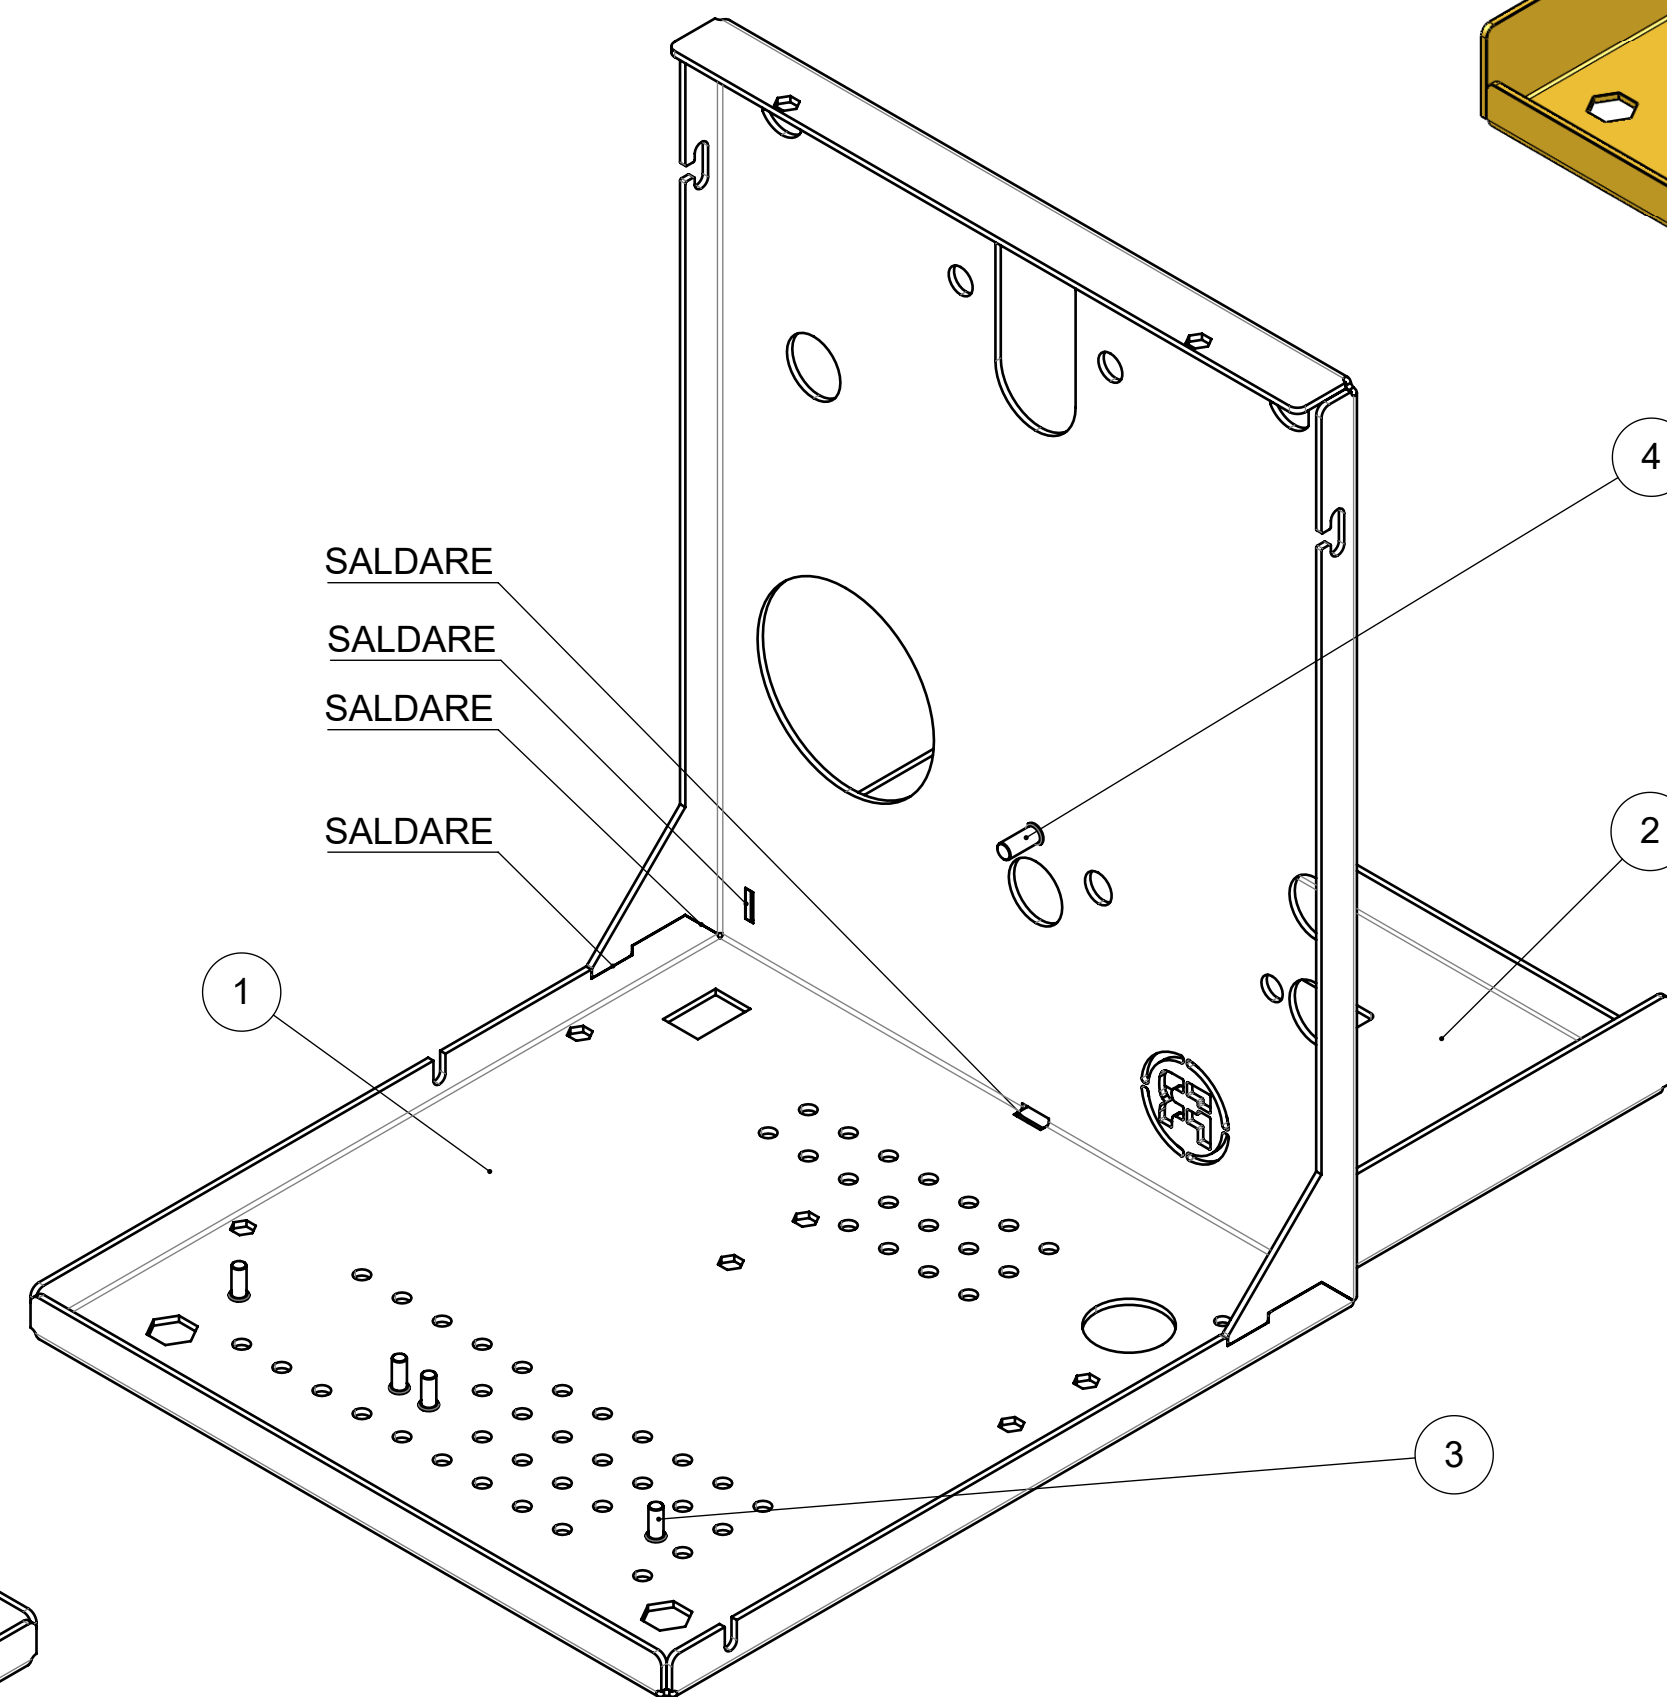

Diagram illustrating the assembly of a metal frame structure. The diagram shows a rectangular frame with various components and fasteners. Labels indicate the welding points: **SALDARE** (Weld).
