

Part Name: PIPE  
Demarcation: HYDRAULIC  
Characteristics: 28MPa,D=16X2

Unit of Measure: EA

**Part Identity**

Domain	Part Number	Design Stage	Version	DCN	Status	Release Date
VOE	54442175	B	01	85548WC	Released	2023-04-03

**Part Data**

Material	Multiple Materials
Surface Treatment	<a href="#">Cathodically coated Y 1600-3, STD 121-0021</a>
Surface Requirement Coating	Not applicable,
Surface Requirement Base Material	<a href="#">Surface Class 3, STD 120-0015</a>
Colour	CATHODIC COAT, BLACK,

Weight(kg)	Accuracy	Purchasing Reservation	Branding Required
0.5	Calculated	None	None

Environmental Content Reporting	
Applicable substance list:	GADSL Prohibited (STD 100-0005)
Expected reporting level:	Manual reporting
Update requested at:	One environmental content report is expected

**Part References**

## Drawing

Domain	Drawing Number	Issue	Title	DCN
VOE	54442175	01	PIPE;HYDRAULIC;28MPa,D=16X2	85548WC

## Change Description - Drawing

Description of Change
-----------------------

## Digital Shape Model (DSM)

Domain	Digital Model Number	Issue	Title	DCN
VOE	54442175	01	PIPE;HYDRAULIC;28MPa,D=16X2	85548WC

## Change Description - DSM

Description of Change
-----------------------

## Other Document

Domain	Document Number	Issue	Title	DCN
VOE	11173243	04	Test and delivery specifications of pipe	13873WC

## Change Description - Other Document

Description of Change
Format updated (Word 98 to Word 365)

Cleanliness and Packing requirements added

Domain	Document Number	Issue	Title	DCN
VOE	54866371	01	General Hydraulic Cleanliness Requirements	18228WC

Change Description - Other Document

Description of Change
New release of tabular drawing document

### Supplementary References

Any Supplementary References not included on the PVR
