

TPV AUTOMOTIVE d.o.o.
CEO
Ivan Erenda, Ph.D.

To our business partners

Brežice, 1 June, 2022

SUBJECT: TPV AUTOMOTIVE d.o.o. address change announcement

For years, TPV AUTOMOTIVE has been bringing to life its strategy and vision »Creating mobility of the future« with focus on 4 core areas: **development & engineering services, e-mobility aluminum components, lightweight steel components, and surface protection**. We have developed strong competencies in all of these areas, demonstrating them on the global automotive market. A growing number of strategic and new projects have called for capacity expansion and gradual company reorganization.

To reinforce our company's values, we are bringing our production plants and support processes closer together by **moving our headquarters to Brežice**, next to two of our key production plants. We are certain that by connecting production, design, and support processes our company is more efficient and competitive.

As of 1 June, 2022, TPV AUTOMOTIVE d.o.o.'s headquarters is located at Brezina 101, 8250 Brežice. The change of address has been entered in the Register of Companies.

There have been no changes in management or any other additional changes.
